Basic Traditional Arrows (From the 1950s to the Present)

These arrows are made with plastic nocks. They can look however you want. My favorite look is from the 60's - 70's.

I was inspired in the mid 60's by Frank Dykstra our local hero and fletcher. We spent years trying to copy him (I got it Frank).

The arrows are standard with the following features:

Shafts:

- Made from pine, for other woods see the options below
- Hand spined & weight matched

Nocks:

- Snapnocks: black or white
- or Bonning nocks: black, white, red, yellow or blue

Feathers:

- Shape: Shield, Parabolic, or Medieval
- Lengths: 3", 3.5", 4", 4.5", 5", 5.5"
- Colors: black, white, red, blue, green, yellow, grey or brown.

Points:

- Brass bullet points or steel field points
- 125 grain

Price: \$ or € 90 per dozen

Options for Traditional Arrows

Add the prices listed here to the base price above.
